Subject: Request for helping Boiler Operators (DE) to prepare for their interview against regular Vacancy.

Respected Sir,

At the outset let me take the opportunity to wish you and all our employees in Uran a very prosperous New Year 2013.

Further to my verbal discussion with you, I once again request your esteemed authority to help our Boiler Operator (DEs) to prepare for their forthcoming interview through our highly experienced Engineers.

I firmly believe when no one can beat them in their experience, I cannot hide my fears that they may fall short in the written test, as the syllabus they have gone through way back twenty (20) years has gone through a sea change, the fresher's will find it easier, leaving behind our boys.

I sincerely wish, our boys are not deprived of the opportunity that has come their way after long persuasion by us with the management. At the same time we are making best of efforts, convincing our Director - HR that the written test and Interviews should be conducted separately and internally in line with our existing R&P for departmental candidates.

:: 02 :

I carry a strong conviction, the personality we know you are will certainly help the boys who have dedicated their services to ONGC in Uran Plant for such a long tenure.

Thanking you,
Yours faithfully,

(Pradeep Mayekar)
General Secretary
