Sub. : Allotting accommodation (Two Rooms) in MLQ to Reservoir personal along with one personnel computer (PC) having net facility.

Respected Sir,

Please find enclosed a copy of a letter from our Secretary, " Offshore Reservoir" explaining the above needs in complete details, for your perusal, as the needs sighted for accommodation (Two Rooms) and a PC is in the interest of the organization and is available too in MLQ, it is earnestly requested that the same may please be extended for the eight persons (two field parties) Reservoir crew, posted in MNW.

Thanking you,
Yours faithfully,

(Pradeep Mayekar)
General Secretary

Sub: Request for allotment of rooms in MLQ for Reservoir Operation in Mumbai High North field.

Sir,

It is stated that One Reservoir Party (4 persons) is accommodated at MNW and carrying operation at Mumbai High North Field. Our unmanned sortie schedule starts early from 7 am. We need to walk around 20 minutes to reach the MLQ platform as the chopper operates from there. Most of our Reservoir staffs are above the age of 50 years. We need to carry our tools, bags, water can every day from MNW platform to MLQ platform. The distance troubles our peoples as in some instances the program is announced in very short notice. The paging announcements are not clearly audible in the rooms of MNW.

Earlier two parties (8 persons) were operating from WIN Platform for Reservoir Operation in the Mumbai High North Field, but due to space constrain in WIN platform only one party was allowed to operate from there, hence with consultation and instruction from base one party was relocated to MHN platform

We've got the information that there are some rooms are not occupied or partially occupied in MLQ Platform. Almost all unmanned going personals i.e. Well head, Wire line, Pipeline are being accommodated at MLQ for the sake of convenience. They have also been allotted offices in MLQ.

For our smooth operation we may be allotted accommodation in MLQ and as we have to send Well data of Reservoir studies and DPRs to Office regularly, hence we are also in need of a regular Net/LAN connection which is not available at MNW and a safe custody/locker to keep our tools and accessories.

It may be mentioned that in SHQ, WIN and Heera Platform these facilities are being provided in the rooms occupied by reservoir parties, which are also being treated as office.

Reservoir Offshore Secretary
