**Subject: Request to desist from unprecedented activities by logistics department.**

Respected Sir,

It is needless to mention about organization chart explaining duties and responsibilities of respective department, when we have travelled with existing rules for almost three decades.

You are aware of the fact that the removal and disposal of garbage within the premises of ONGC (NSB) and in jetty comes under the responsibility of HR. Till recent past the said department was delegating very efficiently and effectively following all set norms, accordingly there was no complain whatsoever.

It is beyond our comprehension as to how logistic department has taken over dishonoring prevailing system of our esteemed organization and to our great surprise this deviation has the consent of GM-Head NSB vide proposal put up to him dated 13.09.2014 and 14.10.2014.

Any change in policy is the prerogative of management, but it certainly follows procedures, this did not come to anyone's notice, our interference comes only we have found malpractices, our observation is attached with sufficient proof.

:: 02 ::

A contract for removal and disposal of garbage was awarded to scrap contractor without any tender. With great regrets we state here that during removal and disposal under the umbrella of garbage many valuable part and scarp was bundled out with the tag of garbage, to support our claim we attached herewith some image for your ready reference and perusal. All the images we have included it can be seen that it can be very easily identified, **yet it found easy access to move out of NSB, this clearly explains that people manning our gates are hand in gloves with other parties involved.**

These are the facts we would like to bring to your kind notice, hopping actions will be initiated through vigilance this will not only restricted such activities it will also stop monetary loss of our esteemed organization.

Thanking You,  
Yours faithfully,

**(Pradeep Mayekar)**  
**General Secretary**
