Subject: Poor catering in 'Heera' production platform.

Respected Sir,

We have been reporting about precarious functioning of Catering Services all over offshore installation having personally visited the same.

"Consistency" is a word attached to something praise worthy, but catering in offshore is exception to such philosophy, we are attaching zerox copy of complains with a tag of consistency for over nine months and it's still continuing.

This only shows how accountability has become paper thin, cause OIM/MM not only knowing but experiencing this fact do not find it correct to bring them to books.

"Tolerance beyond limit is sin", with due regards we would like to convey that we don't want to be a partner in this activity. We request your esteemed authority to convince us why we should not resort to hunger strike. Your personnel overview on the crisis is requested before we reach our saturation.

Thanking you,
Yours faithfully,

(Pradeep Mayekar)
General Secretary
