(Sub: Request for fixed Accommodation for reservoir party at BLQ-I and BLQ-II Platforms)

Dear Sir,

This is to bring to your kind notice the difficulties faced by reservoir crew regarding the accommodation in BLQ-I and BLQ-II platforms. A reservoir party of 4 persons is often sent to BLQ-I & II platforms to carry out reservoir studies under Bassein and Satellite Asset. As we don't have a permanent accommodation there, we are put in different rooms and are forced to shift from one room to another very frequently. We are also forced to share room with persons doing night shift duty and this creates a lot of problems especially when we are doing unmanned duty. We need to change our working dungarees as and when we return from unmanned platforms as it gets too dirty to be worn inside living quarters. This usually creates problem as the sleeping night shift crew gets disturbed as we enter the room for changing. The last crew that was at BLQ-I from 28/02/2014 to 13/03/2014 had to change the bed seven times during their 14 days shift. We have to take care of our EMG, tools and laptop and carry them along with us and this frequent shifting of rooms is creating immense problems for us. Therefore I request you to do the necessary arrangements to get a single room for the whole crew during their period of stay in BLQ-I & II platforms.

Thank you,

From : RESERVOIR SECTION OFFSHORE GONING OFFICER & STAFF.
