Subject: Unilateral view desisting from existing policy towards claims payment of ON/OFF employees by I/c - PCS, MH - Asset.

Respected Sir,

At a very high frequency, claims of ON/OFF employees are made RIO which is in line with the existing policies. These causes severe harassment as their to & fro passage claims remain blocked for 14 to 28 days.

In the recent past these unruly unilateral view of I/c – PCS, MH asset were brought to the notice of ED, after necessary advice, they were stopped, off-late again these unfortunate practice have surfaced.

The I/c – PCS must understand the amount of uncertainties faced by offshore employees, they don't even get their wages in full i.e. "**Hard duty Allowance**", how tough it is working in installation aging more than 25 years, the amount of risk involved, the prevailing level of frustration, the logic applied in slashing the claim and making RIO attribute to human torture.

Your esteemed authority is requested to advice the concerned authority to look into the matter and take necessary action, as things are already blowing out of proportion. If things do not roll back to normalcy within seven days of issuance of this letter, we will be left with only choice of resorting to Hunger Strike in all offshore installations.

Thanking you, Yours faithfully,

(Pradeep Mayekar) General Secretary ojc
