**Subject: Not acknowledged for the efforts dedicated in  
Offshore 2013-14 & 2014-15**

Respected Sir,

With feeling of great satisfaction and pride we read your speech of “one year in office as Director Offshore”, specially all that you have quoted for WOU, of breaking records of 5 years towards oil production.

Very rightly acknowledged by you that this was possible due to joint contribution by one and all. The local management under watchful administration of our ASSET HEADS did not stay back, aptly rewarded their outstanding performers through various awards. When all this was in process, we are pained to find that even though the community is in minority yet are very critical for offshore operations are completely sidelined, from being acknowledged for their contribution.

We need not elaborate that the reservoir personnel always gets secondary treatment. They do not even get proper staying facility when they have to move to offshore and many such things where they face irregularities, yet with all these constraints they have never fallen short of the targets laid down.

We request your esteemed authority when everyone is celebrating in WOU for their contribution towards achieving 5 years record production, to advice the appropriate authority being more positive give due recognition to their work, by aptly rewarding them. It is continuously two years that they do not find themselves in the list of awards and these cannot be a bad coincidence.

Thanking you,  
Yours faithfully,
