**Subject: Immediate procurement of portable detector, action pending from last 1 ½ years.**

Respected Sir,

This has reference to file no. ONGC/B193/FIRE/05 dtd. 27/09/2013, signed by Shri. N. Chandrashekhara and another file no. ONGC/B193/Portable Gas Detector 2014 dtd. 25/03/2014 regarding requirement of portable Multi Gas Detector & Single Gas Detector. Second letter is address by Shri. Nitin Alex, Sr. Fire Officer, Shri. G. Shridhar, S.E.(P), HSE Manager, and Shri. M. S. Katoch, OIM, B-193.

The B-193 process platform is handling sour oil and gas having toxic H<sub>2</sub>S gas up to 40000 ppm also SO<sub>2</sub> gas in incinerator area. The slight leakage of these toxic gas may lead to severe casualty. For the safety of crew working in the field these portable detectors are very essential. But it is very unfortunate to note that even after laps of 1½ year the detectors are not procured.

Your esteemed authority is requested to look into the matter as it is related to safety of crew, and direction may please be given for early action for procurement of portable detectors before any severe accident takes place in the field.

Thanking you,  
Yours faithfully,

(Pradeep Mayekar)  
General Secretary
