**Subject: Uran plant highly accident prone with age and environment.**

Respected Sir,

In reference to the unfortunate accident that happed in Uran Plant (EPRU) on 26.08.2015, around 12.15 hrs. where in nine personnel had a narrow escape, we are sounding our serious concern, requesting your esteemed authority to take necessary steps, this is an eye opener if not gauged at the right time could open flood gates to major accidents with casualties.

After having completed the maintenance job of pump 1502 A/B the said team as quoted below was reinstalling the pump, the bracket on which it was hooked and was getting lifted gave way, rest is self explained in the photographs enclosed from your perusal.
