Subject: SCA Platform, "the damned & tortured".

Respected Sir,

The experience of innumerable interaction we had with your authority in so many years, not only stops but also hurts us to use aggressive or offensive language while addressing any issue with you.

We rest assured that you will not dispute with us, if non conducive work conditions prevails even after surfacing to various authorities for nearly two years, speaks of our unparallel display of patience.

We are enclosing copies of letters received from our members surfacing issues which needs to be addressed is enclosed for your perusal, as these issues are precipitating for almost two years they feel that being a small unit they are given "**secondary treatment nowhere to go**".

Bringing the issues to your notice, we are confident we will be able to change the above mind blend of SCA ON/OFF officials with the conviction that you will certainly bring the necessary changes at the earliest.

Thanking you,
Yours faithfully,

o/c

Pradeep
(Pradeep Mayekar)
General Secretary

Subject: Pathetic condition of Catering Services at SCA Platform.

The catering services at SCA Platform have been worsening for last six months. We have tried our best to sort out the matter at Platform level but the conditions have got so worse that we are forced to write a signed collective letter to this effect to higher authorities. Some of the major issues are mentioned below:

- 1 Total lack of hygiene and cleanliness
- 2 Menace of cockroaches – cockroaches are found crawling every where including in the dining table, food, store, toilets, living quarters, etc.
- 3 The living quarter area is infested with Bed Bugs. On board personnel are not getting enough sleep as they are scrubbing themselves whole night.
- 4 Pest control drive is for name sake only as there is no improvement observed even after doing it.
- 5 Quality of food is not eatable and insufficient.
- 6 Drinking water supply is not sufficient and it's quality is doubtful
- 7 Catering staff is untrained and first timers.
- 8 Supplies of ration, fruits and other items like dustbin bags, soaps, and detergents are always short.
- 9 Magazines supply has been reduced from what used to come earlier.
- 10 Bathrooms and Toilets are always dirty.
- 11 There is always a shortage of crockery items including tumblers, plates, etc.
- 12 Non-veg items are not branded.
- 13 Oven not working for last two years
- 14 Hot Plates used for preparing food are not heating up properly resulting in the delay in food preparations and chapatti making.
- 15 The onboard manpower is always over crowded resulting in uncontrolled environment in bathrooms and toilet. There is always shortage of bed sheets, blankets, etc. People are forced to sleep in open deck areas.

The above problems are putting strains on people staying onboard and resulting in shifting of focus from work to petty things. This has also resulted in shouting which has vitiated the general environment.

The situation is getting worse from bad and this has been going on for more than six months.

You are requested to kindly take note of the situation and take necessary action.

SCA ONGC Crew

PS. Submitted with signature of all onboard SCA ONGC crew on the back side.
