**Sub.: Request to provide mini buses / Jeeps in "Ring Route" from Green Heights to Bandra and Kurla Station to 11 high for the employees.**

Respected Sir,

We have received a request from our employees working in Green Heights and 11 high for plying a bus through the route of Green Heights, 11 high and Bandra station (east), as well as Green Heights to Kurla station. The said request aptly justifies itself as our three assets offices have been transferred to Green Heights along with office of NSE.

As this area is newly developed neither frequent bus service nor rickshaws are available for transportation. The only remedy on this is to start ring route bus service to these locations by ONGC.

It is understood that file to provide bus/Jeep 'services' is moved by transport department for seeking approval, but management is exploring to utilize the bus services, which are plying between Uran, Nhava, and Panvel this could be a move towards economization.

Sir, let me bring to your notice that these buses are started early in the morning to cater the service to ONGC employees to and fro in three shifts. In addition to this their services are utilized at 11 high and Green Heights to transport our employees to Bandra station (east) and Sion station, hence the bus drivers of mini buses are already overloaded; in addition service for ring route will have serious repercussion and could meet with fatal accident.

:: 02 ::

We request your esteemed authority to kindly look into the matter and decision may please be taken at the earliest to start bus service as employees are facing lot of problem in the evening to reach Bandra, Sion and Kurla station and essentially they should not be clubbed with shift buses.

Thanking you,  
Yours faithfully,

  
**(Pradeep Mayekar)**  
**General Secretary**
