**Subject : Hunger Strike Notice for deteriorating Galley Condition
& non availability of Night Landing Facility.**

Respected Sir,

We are in receipt of serious complaint letter from crew members of NQO. It is a common complaint of all process platforms regarding equipments of Galley. All the equipments or the gadgets of kitchen are used to their fullest capacity. These equipments are to be replaced immediately as are beyond repair now. As mentioned in the letter these equipments are more than 25 years old. Moreover there are always more than **250 persons** on board (POP) everyday.

The complaint sent by crew members has every detail about their equipments. Some of the equipments are not working or in precarious condition needs replacement. Deep fryer, Microwave, Hot Cold water dispenser machine is not at all available on platform. There is acute shortage of cutlery items on platform compared to person on board.

The second serious problem has been narrated by the crew is about non availability of night landing facility. It has been brought to our notice that only three process platforms have been permitted for "Night Landing" excluding NQO, whereas the accident narrated below has happened in NQ platform only, where one contract labour **Shri. Tapas Malik**, of **Offshore Marine Tech Services Pvt Ltd.** and one ONGC employee **Shri. T. B. Gore** got seriously injured. The contract labour was burn about 35% including his face. The accident happened at 18.00 hrs. but we could not evacuate them till next morning as Night Flying is not allowed by **DGCA**.

Both the issues taken up by crew members are very disturbing where life of the persons on board was involved. We need not to elaborate the issues but demand immediate steps to be taken to improve the situation. Not lifting of injured employees timely have created fear in the mind of crew on board which has to be arrested by taking urgent steps to improve or otherwise crew has given ultimatum to proceed on "**Hunger Strike**" from 1st June 2016 at 8.00 AM onwards, parallely assuring that work will not be hampered. Your authority must have realized that situation is very volatile on NQO.

Your esteemed authority is earnestly requested to take immediate action before the amicable atmosphere prevailing will be breached so also the safety of the crew is also a subject of serious and utmost concern.

Thanking you,
Yours faithfully,

(Pradeep Mayekar)
General Secretary
