**Sub : Request to consider the applications of Ex-Radio officers for employment in ONGC.**

Respected Sir,  
We are in a receipt of application from three Radio Officers who were working in ONGC as direct employee, seeking re-employment in ONGC. All these Radio Officers are having rich experience of offshore of around 20 years. The reasons for leaving the service are mentioned in their applications.

We have advertised more than three times for the post of Radio Officer but have failed to get Radio officers as all the institutes have closed during the year 1998. Moreover candidates having offshore experience are not available in the market, where as the applicant candidates have vast experience in our offshore work culture. These Radio officers are having more than 10 years service balance. At present also they are working in **Oil & Gas Industry** only.

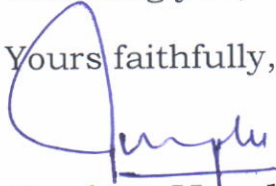

:: 02 ::

We need not elaborate how crucial the requirement of Radio Officer is in any Offshore installation, it is pertinent to mention that in the recent past i.e. not more than two years many of our senior Radio Officers have superannuated, so also in next three years around 19 regular Radio Officers and 02 direct employees working as Radio Officer are superannuating and there will be acute shortage of Radio officers in offshore.

Falling back on the above prevailing circumstances and to avoid nosediving into an SOS condition in the near future, your esteemed authority is requested to kindly consider their request for employment in ONGC as they have served us in offshore for more than 20 years, moreover along with the ever increasing crisis vacancies continues to exist over three years now with all our recruiting efforts.

Thanking you,

Yours faithfully,

**(Pradeep Mayekar)**  
**General Secretary**
