Pandit Dindayal Upadhyay Urja Bhavan,
New Delhi.

Subject: Request to include upgrading/overhauling of leaving quarters of Rig Sagar Jyoti as the Rig is sent after 31 years for dry dock.

Respected Sir,

This is in reference with dry docking of Rig Sagar Jyoti being sent after 31 years which is considerably very long period. The proposal moved for repair and refurbishment of accommodation is enclosed herewith for your perusal. The living conditions of Rig is in unhygienic situation requires major repair. The living quarter and bathrooms are in very bad condition.

- As the rig has already given service for more than 32 years, requires frequent maintenance which increase POB from 84 to 100. Increased POB requires additional beds too.
- Accommodation AC ducting need to be extended to linen room.
- The construction of Gymnasium of size 19' x 9' is required for which space is also identified.
- Forman's office is in bad shape requires in and out repairing of electrical wiring, fitting, lights etc. wall panels of SCADA rooms are damaged, requires replacement.
- Well-equipped closed AC driller's cabin at rig floor is required in line with other offshore rigs.
- More important is galley exhaust piping is to be cleared and cleaned
- False roofing, wall paneling, lightning exhaust system installation required in "New Linen Store"

As we have taken the dry docking work of Rig Sagar Jyoti after 31 years all the equipment, accommodation, Galley, Cabins are in dilapidated condition. This is the time where we can complete all these required repairs or replacement. Taking all these jobs during dry docking will reduce our expenditure and will give hygienic living conditions and cohesive atmosphere for the crew which will definitely improve our productivity.

Your esteemed authority is requested to look into matter so that financial support can be given accordingly for dry docking of Rig Sagar Jyoti.

Thanking you,
Yours faithfully,

a/c

(Pradeep Mayekar)
General Secretary
