Subject: Request for transfer of Miss. Vidula Sawant, Asstt. Tech (civil) from Uran Plant to Mumbai.

Respected Sir,

We are in receipt of a copy of request letter from Miss. Vidula Sawant, Asst. Tech. (Civil), CPF no. 127780 for transfer from Uran Plant to Mumbai.

Miss Vidula Sawant is residing at Virar with her parents aged 59 and 57 respectively. The distance between Virar to Bandra Railway Station is 45 kms. and from Bandra to Uran Plant is 60 kms. At the outset, commuting this distance of 105 kms. to reaching Uran Plant is too tedious and extremely difficult as it takes more than four hours one way. Due to 8 hours daily journey, she is not able to concentrate on her daily work at home, so also it is increasingly affecting her office assignment.

With all good intensions of contributing to the full to departmental assignments and to cut short the travel time, for some time she had shifted and was staying along with her parents in Panvel on a rental apartment. But with her meager salary she could not manage with all her financial needs, this compelled her to return back to Virar. Nearly for the past five years she is commuting from Virar to Uran Plant, this travelling for eight (8) hours daily is now taking a toll on her health.

Its pertinent to mention that, Miss. Vidula Sawant is the only earning member in her family and she does not have any brother or sister, her father has superannuated at the age of 58years. We need not elaborate her sincerity and work attitude, your authority must be aware of that, her services can be utilized in better way if posted in Mumbai.

:: 2 ::

Uran Civil section will not have shortage of man power as it is backed up by two senior officers and one junior officer. Your esteemed authority is requested to kindly relieve her without reliever from Uran Plant to any office in Mumbai.

Thanking you,
Yours faithfully,

(Pradeep Mayekar)
General Secretary

Subject: Application for transfer to ONGC, Mumbai

Respected Sir/Madam,

With due respect, I would like to pen down few lines for your kind consideration.

That, my parents, aged 59 and 57 respectively, reside at Virar, a suburb approx. 70 km away from Mumbai. My father has retired from private service and mother took voluntary retirement from service due to her constant ill health. Earlier I used to live with my parents in Panvel in rental house, but eventually they returned to Virar where we have our home. Staying in Panvel in a rental house is taking most out of my meagre take home salary.

My parents are dependent on me along with my grandmother. Adding to it, my parents also need my attention as a moral duty as I am the only earning member of the family. I don't have any brother who could share my responsibility and moral duty towards my parents.

Keeping above facts before you. I hereby request you to transfer me on compassionate grounds to any of the ONGC work stations around Bandra so that I can live with my family at Virar where we have a house. Uran is too far away from Virar to manage daily commute.

Your help in this regard shall be of immense relief for me in rendering my moral duty towards my aged parents and saving money out of my take home salary in the present pungent state of my life.

I shall be highly obliged.

Forwarded subject to Postig I Substitute.
