

Recognised Union

Curfew in Maharashtra and food supply at offshore.

Dear offshore employees,

To tackle food shortage resulting from curfew in Maharashtra, union has already spoken to the management and present caterers supplying food to offshore for additional food supply at offshore such as Dry provisions, vegetables and fruits. Accordingly additional supply of food has been arranged and the same will be shipped at offshore installations.

Kindly take following precautions at your end at offshore

- Kindly to not keep supply boat waiting, take food box and release supply boat quickly. Request RO & OIM for the same.
- Kindly adjust menu according to food availability and ensure food is not wasted.
- Water generated on board should be used maximum and packed mineral water should be stocked for emergency.

For any help you can contact office bearers of our union.

Thanking you,

Yours faithfully,

**(Pradeep Mayekar)
General Secretary**
