4. Letter dated 05.12.2015 to OIM-Heera Process Complex regarding Galley/ Kitchen condition.

Also, letters dated 06.10.2018 and dated 13.12.2016 was given to GS (Karmachari Sanghatana) regarding requirement of Galley /Kitche Heera Crew.

Respected sir,

For the past few years the Employees on the Heera Platform has been constantly pursuing for galley revamping and expansion issue. However, this work has not started yet. Galley condition has been deteriorating for the past few months. At the same time, meals and snacks are being prepared for 270 plus people. (Capacity of Galley is 120 persons only). Due to limited space of kitchen and galley, bad condition of ventilation & exhaust system the health of catering persons working in kitchen can got serious health issues. Drainage system of kitchen is not in good condition.

The galley and laundry are continuously running to meet the over capacity POB load. Only 1 washing machine is in working condition instead of 3 machine, as well as 1 Dryer machine is out of order so only 2 Dryer is in working condition. Also 1 Chest freezer and 03 no's of Freezers are not operational since 2 years.

It is a pity that despite many big projects has completed during last 2 to 3 years, but Galley revamping and expansion project is still pending. We will face the health, safety, hygiene issues of all the employees on the Heera, as well as the officers coming from the base, the senior officers, and the VIPs also. Health & hygiene is most important factor for enhancing productivity. If this continues, it will have serious consequences for everyone. Galley revamping work needs to start as early as possible to solve this problem.

Therefore, considering the seriousness of this letter, measures should be taken to make galley work most priority level.

Thanking you

Employees are sincerely trying to maintain their health in the off-shore environment. After all "a good health is key to productivity". Therefore, in addition to this some gym equipment is desperately needed on the heera platform to perform ours duties with new vigor every day while maintaining good physical and mental health.
