**Subject: Urgent requirement of riding belt for Monkey Board on Rig Sagar Uday.**

Respected Sir,

This has reference to the letter received from crew members towards requirement of riding belt for Monkey Board on Rig Sagar Uday. Please find enclosed copy of the same for your perusal.

Existing riding belt is out of order even the pulleys of the rising belt are also not working properly as it is in rusted condition this certainly has conceived most unsafe operational conditions to work with. Due to the dilapidated condition of pulley and riding belt, work speed is affected and one has to hasten while climbing the Monkey Board this may lead to **accidents and casualties**.

In their letter crew members have mentioned that there is another ladder available on rig floor to reach the Monkey Board. Providing riding belt facility to this ladder will help the Topman to reach Monkey Board easily which will save time and reduce the fatigue also.

Your esteemed authority is requested to kindly initiate action for providing riding belt on the ladder and change the rusted pulley immediately to avoid accidents/casualties on board.

**Expecting urgent and immediate action in the matter.**

Thanking you,  
Yours faithfully,

OK

**(Pradeep Mayekar)**
