The points with reference to measures to be taken for Covid-19 on Variant of Concern (VoC) - Omicron at offshore were discussed with the collective along-with a way forward: -

1) Quarantine Period:-

The issue was deliberated in length & in view of substantial reduction in cases and the very low severity of virus, it was decided to revert the Quarantine period with immediate effect. Now onwards, RT-PCR sample will be collected on the

day of reporting at the hotel and sampling will be twice a day to cover maximum employees. Reported employees have to show their ID card for RT-PCR testing at hotel at scheduled timings provided by medical section. The employees will be manifested for offshore once Negative test results are available.

2) Food quality at Hotel:

The issue of food quality of provided in existing hotels being used for quarantine was discussed. It was decided that possibility of serving the Food on à-la-carte basis in hotels will be looked into and necessary instructions to hotels will be issued to hotels.
