Subject: Fitting of windshield glasses of Crane Operator Cabins of MLQ(N), MNP(S), MNW(N) and some unmanned platforms.

Respected Sir,

We are in a receipt of complaint letter from our Crane Operators regarding broken windshield glasses of Crane cabins at MLQ (N), MNP (S), MNW (N) and at some unmanned platforms. Please find enclosed the copy of the complaint for your perusal. More surprising is they are continuously complaining to replace the windshield glasses but had fallen on deaf ears. They are finding it difficult to operate the cranes during monsoon and when wind speed is very high. At the same time exhaust coming from turbine makes working condition more vulnerable affecting the eyes and skin of the crane operators in absence of windshield. In addition to this AC units installed in cabins are not in working condition. This is very unsafe for Crane Operators to operate the Cranes and against our safety norms.

Your esteemed authority is requested to kindly look into the matter and concerned authorities may please be given direction for replacing the windshield glasses immediately as safety of Crew members and individual Crane Operator is involved in the matter.

Thanking you,
Yours faithfully,

(Pradeep Mayekar)
General Secretary
