**Subject: Urgent requirement of Raincoats and Windcheaters at BPB Platform which is enormously delayed**

Respected Sir,

We are in a receipt of letter from Crew members of BPB Platform regarding urgent requirement of Raincoats and Windcheaters on Platform. The last supply of the raincoats and Windcheaters for the BPB Platform was delivered in the year 2019. Last four years no Raincoats and Wind Cheaters are supplied to crew members is very painful.

Every year in the winter and rainy season they have worked without Raincoats and Wind Cheaters. All our Plants are on the paper only. Why concerned authorities have not taken any action for procurement of Raincoats and Wind Cheaters is surprising. It is imperative to give priority to safety and comfort of the employees performing duty day and night on the platform for toiling the production of "**Gas and Oil**". No need to elaborate the gravity of rain and cold in the offshore during rainy and winter season.

Two months have completed of rainy season and decision of procurement is yet to see the light of day. We expect the decision of "**Board Purchase**" for good quality of Raincoats and Wind Cheaters from your authority gauging the seriousness of the issue.

Simultaneously we demand to constitute an enquiry committee to find out why these procurement is delayed for four years. It is our responsibility to maintain the conducive atmosphere/ environment on the platform.

Your esteemed authority is requested to kindly take a decision for "**Board Purchase**" of these items i.e. Raincoats and Wind Cheaters so that we can give message to our all employees that we are here to take care of your safety and health.

Thanking you,  
Yours faithfully,

Subject: Urgent requirement of Raincoats and Windcheaters at BPB platform.

Respected Sir,

This letter is to draw your kind attention to a long-standing concern regarding the supply of raincoats and windcheaters. It has observed that this supply of raincoats and windcheaters has been stagnant for the past four years, and believe it is crucial to address this issue promptly. Last supply of raincoats and windcheaters for our platform were delivered to our platform 2019.

As you may be aware, we have to work in the field, and often have to endure unfavourable weather conditions and heavy rains. Delaying the supply of these items endanger our health and safety. It is our responsibility to provide a conducive working environment and equip with the necessary tools and resources to perform duties efficiently.

Request you to take immediate action to address this longstanding issue.
