Subject: Rig Sagar Ratna hub for unorganized activities and unfair Labour practice.

Respected Sir,

This may be treated as mind refresher to our earlier letters in support to the above claim, please find copies of our letters for your perusal and due consideration.

We had surfaced blatant unsafe practices under dictatorial directives/supervision of Mr. Rajender Singh, CE (D) Toolpusher. It was brought to the notice that during dry-docking non executives who are not exposed to regional transfers, young enough to continue to function in the Rig for longer period be given more exposure, as with the enriched knowledge of dry docking, individual will be more beneficial for further operational activities of the rig, But deployment of employees during dry docking is at the wimps and fancies of Mr. Rajender Singh, who till date has denied the non executives from getting the much needed experience.

It seems, surfacing of the above facts has hurt the ego of the said toolpusher that he went to the extent of not recommending the O/T claims of the employees who traveled with the rig to Vishakhapatnam and had to stay beyond 14 days of their duty schedule. It need not be elaborated to your esteemed authority that this pertains to unfair labour practice. We had to issue a letter to correct the same.

Non action on the above irregularities speaks about his claims, that he has sufficient influence and nothing will be initiated against him, immaterial of being erroneous. But we are sounding our serious reservations, as we cannot risk our lives with his work ideologies and ethics, being deprived of acquirable rich knowledge and we certainly cannot consent to unfair labour practices.
