Subject: Left over non vegetarian curry used after two days in vegetarian preparation.

Respected Sir,

We are in receipt of complain from our Uran Vice President concerning blatant irregularities practiced by the canteen contractor; and a particular incident that took place on 11/09/2011, please find a copy attached for your perusal.

The above incident is not a freak case but a regular practice, what is surprising is teaming up of shift operation authorities and HR personnel, who have decided not to take up the issue seriously nor felt it necessary to enquire and warn the contractor to desist from such practices, even after your authority informing the concerned officer incharge to take note through SMS.

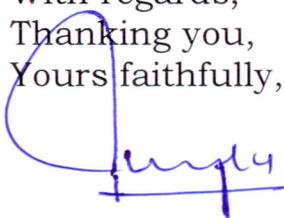

This act pertains to dishonoring the mutual respect we have for each other and advocating the interest of the contractors at the cost of ONGCians and other employees engaged for the cause of the organization.

It is also brought to our notice that the contractor is given a free hand to use non branded items, it is needless to mention the above practices can have serious repercussions from the health point of view leading to casualties.

The audacity of the caterer has reached to this level that he did not felt it necessary not to engage in such practices on Anant chaturdashi, this is resulting mainly due to the casual approach of department concerned. We request you to have a personnel overview of the same. Even if the canteen stores are enquired for inspection he uses the name of HR head to disallow the same.

Such activities of any contractor cannot be compromised; hence it is requested to blacklist the said contractor so also prompt steps may be taken to terminate the same contract.

With regards,
Thanking you,
Yours faithfully,

(Pradeep Mayekar)
General Secretary
